Visitor's Guide

The Johns Hopkins University • Applied Physics Laboratory
APL is a secure facility, operating under Department of Defense regulations for restricted entry. All visits to the Laboratory must be preapproved via written request and notification by responsible staff members.

**Entry/ID Requirements:** Visitors must present photo identification to the lobby receptionists, sign the visitor register, receive the appropriate badge, and remain under escort unless otherwise authorized by Visitor Control. Passports are required for foreign visitors, and resident aliens must present their Resident Alien Card (Green Card) for entry to the Laboratory. Questions regarding the status of a visitor’s access to the Laboratory should be directed to Visitor Control (Phone: 240-228-5661 or 443-778-5661; Fax: 240-228-6400 or 443-778-6400). Visitors attending a meeting should have their visit request faxed to Visitor Control or sent via SMO code 888984.

**Restricted/Controlled Items:** Before your visit, please review the Laboratory’s rules for bringing restricted and controlled items, such as electronic devices, on site. APL’s Controlled Items Policy is provided here: [http://www.jhuapl.edu/privacy/controlled.asp](http://www.jhuapl.edu/privacy/controlled.asp).

**Parking:** Visitors should park in the designated visitor parking lot closest to the building they will be entering (see the APL Campus Maps below) unless directed elsewhere by their APL point of contact. When leaving APL, visitors should ask the Security Officer or Lobby Receptionist for the appropriate gate combination in order to exit the parking lot.

**Wireless Coverage:** APL has a Guest wireless network that is available for general use by visitors to the APL campus. This network provides Internet access, can be used to send encrypted communications, and supports 802.11 b/g. Access to the network requires a Wired Equivalent Privacy (WEP) key and a Guest user password. Visitors will need to set up a “guest” network name or Service Set Identifier (SSID) through their wireless configuration utility using the WEP key.

APL must comply with government regulations pertaining to lodging per diem limits. For visitors traveling in connection with Laboratory business, we recommend that you request the APL rate when making your reservation at one of the hotel properties listed above. If your reservation is being made through a hotel chain’s 800 service, that service might not recognize the special APL rate. Therefore, make sure to advise the hotel front desk at check-in that your stay is related to your APL visit so that the hotel will honor the special rate.
